Claim Rejections - 35 USC § 112

1. Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 6, the phrase ‘the first, second and third pivot axes are in triangle type closed loop combination’ renders the claim indefinite. The axes do not appear to be in at triangle closed loop in the drawing nor are they within a triangular closed loop. Applicant pointed to pages 9-10 for support in the specification. However, the objection is not for new matter. Applicant’s drawing does not provide the triangle closed loop claimed. Appropriate correction is required.

Allowable Subject Matter

2. Claims 3-5,7,10-14 are allowed.
3. Claim 6 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 3728

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
